

YFM520FG2

YALE SAFE FIRE DOCUMENT XLARGE YFM/520/FG2

Description

All Yale Fire Safes are equipped with a unique digital security keypad unlike any other on the market today. A scramble number input enables personal codes to be hidden within longer sequences of numbers, whilst additional access codes can be set for one time use, ensuring privacy no matter who is in the room when accessing your safe. Protects passports and other precious paper documents from fire. 1 hour fire protection for documents. The internal temperature will not exceed 150°C in 927°C furnace.
